

Curriculum Area:
Number - Number Place Value

Main Teaching Focus:
Count reliably up to 20 objects.

Outcome:
Counting reliably to 20.

Recognise that the rearranged order of objects has the same value.

Suggested Starter:
Order numbers to 10

Count reliably up to 20 objects.

Recognise that the rearranged order of objects has the same value.

Assessing understanding:

Place a number of aliens on the board.

Can they count how many are there?

Keep the number of objects the same and mix up the order.

Ask how many there are now.

Repeat several times with various numbers of objects (aliens).

Ask them to place a certain number of aliens on the board.

Ask them to switch up the order.

Ask how many there are now.

There are 17 aliens on the board. True or false.

If false, how many are there?

Mix up the order of the aliens. How many are there now?

There are 16 aliens

true ☐

false ☐

There are 19 aliens

true ☐

false ☐

There are 17 aliens
