

Task: To count in 2's.

Count in 2s backwards to complete the number track.

If you continue counting, will you say the number 25?

Always, sometimes, never...

When you count in twos, your digits will be 0, 2, 4, 6, 8

Prove it!

Rosie counts back from 50 in 2s.
Amir counts up from 12 in 2s.

50, 48, 46, 44...

12, 14, 16...

They say their numbers together.
Who will say 30 first.
