Dear Parents/Carers with a child in KS1

KS1 Online Resources

At Round Hill, we subscribe to a number of fantastic online resources. These resources are used to engage and enthuse the children, as well as enhancing learning, both at home and school. Below you will find a summary of the resources. To access all of these resources online, please visit our KS1 Online Resources page on the school website which has links directly to the various websites.

Bug Club Reading Programme
Bug Club is our core reading program to help children develop into confident and motivated readers. Click here to read more. It combines over 500 finely levelled books with interactive eBooks and an online reading world. We allocate two books every week to pupils for home reading.

Maths
Your child is subscribed to a number of online maths resources called Times Table Rock Stars, NumBots and MyMaths. We use these resources to support and develop the children's place value and number skills amongst many other areas of maths.

MyMaths
The teachers will set weekly homework tasks using the MyMaths resource for children in Year 1 and Year 2. We would highly recommend that your child completes these tasks as it will consolidate the learning taking place in school. There are also lots of other activities that your child can complete in their own time. You can access the MyMaths guide on our KS1 pages which provides more information about the online resource. Please note that your child's MyMaths username and password can be found at the front of your child's reading record.

NumBots / Times Table Rock Stars (TTRS)
The NumBots resource is available for Year 1 and Year 2 and it is fantastic for developing the children's number skills. At this time, we are only encouraging the Year 2 children to use the Times Table Rock Star resource as this focuses on developing the children's recall of the times tables. There is a TTRS guide on our KS1 pages which provides more details about the online resource. Please note that your child's username and password details can be found at the front of your child's reading record.

Purple Mash
Purple Mash is a creative online space which hosts an exciting mixture of curriculum focused activities, programs and games to support and inspire creative learning. Your child can access a variety of activities using their Purple Mash log in details, which can be found at the front of your child's reading record. The teachers will also use Purple Mash to set optional homework tasks throughout the year.

Kind regards

Mrs Johnson and Mrs Dowsett
(KS1 Phase Leaders)
