

Welcome to the Reception Newsletter

3rd March 2023

This week we have been going flapping crazy for birds. Using the book *Izzy Gizmo* we have been talking about how Izzy helped the crow that couldn't fly.

The EYFS Team

Round Hill Primary School

This week's Book of the Week has gone down really well. It has been lovely to hear that many of the children have already heard it. *Izzy* has captured many of children's imagination and they have loved all the things she did to help the crow, also known as Fixer.

Maths

This week we have continued to look at number bonds for the number 7,8,9 and 10. Using part, part, whole diagrams children have been looking at different ways to split the numbers to explore different ways in which they can be made. Children have then used what they know to write number sentences.

Please complete Week 7 of the red Maths No problem book and bring back on Thursday 9th March 2023

Next Week

Next week we will be having a go at helping the crow ourselves. Children will get the chance to design their own ideas to help the crow.

Literacy

This week the children have been retelling the story of *Izzy Gizmo*. We started off the week looking at the characters and the problems they faced. We looked into new vocabulary such as malfunction, creation and invention. We then used our learning on perseverance from last half term to discuss how Izzy tried and tried again without giving up. Children have been writing sentences from the story and having a go at designing their own wings for the crow.

Understanding the World, Expressive Arts and Design and Physical Development

This week we have been looking at different breeds of birds and how they fly. We have been investigating and sorting birds that can fly and birds that cannot fly. We have also compared the similarities and differences between those birds that can fly and those that can't to help create our own wing designs. Children have also been looking at artwork by Richard Allen who creates black pen drawings of different birds.
