

KS1 Animal and Habitats Activities

This week I have had a go at the following activities:

<u>Activity</u>		<u>How I feel I did:</u> 
1. Match minibeasts with their habitats.		
2. Construct a large scale insect model and labelled its parts.		
3. Make a bug hotel.		
4. Sort the insects into two groups, legs and no legs.		
5. Investigate living things around us. (Science booklet)		
6. Read and answer the elephant comprehension booklet.
