

All About You!

In this activity children will have the confidence to **express who they are**. They will be learn to be confident or develop their confidence when speaking in a small group or in front of the class.

They will **share information about themselves**, as after all no one knows them better than themselves!

Read through the type of information you will be sharing and model this to the children first. Use the slides to display the information prompts.

Give them some think time before you start and explain that they can miss an answer if they don't feel confident enough to share or speak.

I am ...
