

Friday 5th March

WALT: To infer

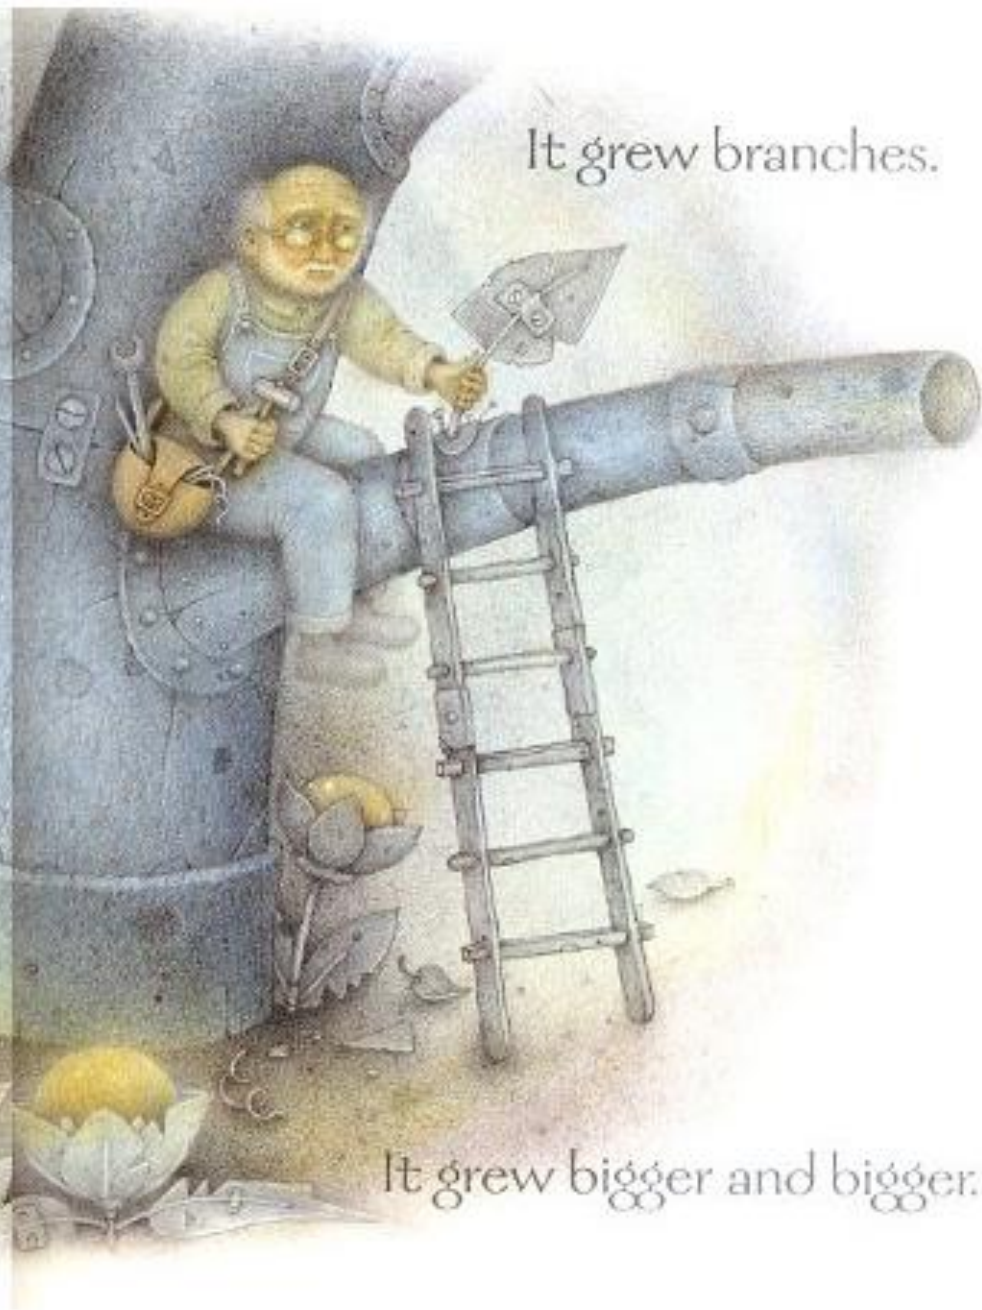

One day something
caught the old man's eye
and an idea planted itself in his head.

Read the next two pages...

The idea grew roots and sprouted.
Feeding on the garbage,
it grew leaves.

It grew branches.

It grew bigger and bigger.

Why do you think the author has described the man's idea as 'growing'?

Write your answer starting with...

I think...

because

Think of another way of
describing the man's idea
growing comparing it to trees.

Post your work on dojo!
