February 2024

Dear Parent/Carer of a child in Year 6

### **SATs Meeting for Parents – Tuesday 12<sup>th</sup> March 2024, 3.45 p.m. to 4.15 p.m.**

We are writing to give further information regarding the Standard Assessment Tests (SATs) taken by all Year 6 pupils in the summer term. As well as the information in this letter, we will be holding a meeting after school on Tuesday 12<sup>th</sup> March from 3.45 p.m. to 4.15 p.m. for all parents/carers to provide further information regarding the tests and answer any questions. This will take place in the school hall.

SATs will take place for all Year 6 pupils between **Monday 13<sup>th</sup> May and Thursday 16<sup>th</sup> May 2024**. Children will be tested on Maths, Reading, and Grammar, Punctuation and Spelling. Writing is assessed through teacher assessment based on work produced in class throughout the year.

The wellbeing of the children remains our top priority, particularly after the disruption they have faced to their learning over the last few years. In school, we are continuing to deliver a broad curriculum whilst gradually introducing a programme of support to prepare children for the tests in May. Although we will continue to reassure pupils, some children may feel anxious about the tests and some parents have been asking for help in how they can support their child at home in preparing for the assessments.

Each child has been provided with a copy of the CGP Maths revision book and the Grammar and Spelling CGP revision book. We will continue to direct them to a relevant page where they can get further practice on the week's lesson objectives. Please continue to ensure that your child is reading regularly and talking about what they have read to show that they have understood.

However, should you wish to purchase additional resources for reading, CGP revision books can be found here: [https://www.cgpbooks.co.uk/primary-books/ks2/year-6-\(ages-10-11\)](https://www.cgpbooks.co.uk/primary-books/ks2/year-6-(ages-10-11))

In addition to books, the following website provides lots of support for pupils: <https://www.bbc.co.uk/bitesize>

We would also encourage pupils to be using the online resources available, such as MyMaths, Times Tables Rock Stars and <https://mathsbot.com/primary/ks2>.

Thank you for your continued support.

The Year 5/6 Team.
