Dear Parents/Carers with a child in Year 5/6

### Re: Animal Heart Dissection

This term, the children in Year 5 and 6 are learning about the heart and circulatory system as part of the Science Curriculum. On Wednesday 13<sup>th</sup> March we will be offering the children the opportunity to take part in a lamb heart dissection workshop to enhance their learning. Children took part in this workshop in 2022 and found it incredibly interesting and educational.

We understand, however, that there may be some children who will not feel comfortable with this, so should you have any concerns please contact your child's class teacher.

Kind regards

The Year 5/6 Team
