9th October 2026

Dear Parents/Carers with a child in Year 1 & 2

KS1 Toy Workshop

To enhance the children's history topic on toys from the past and present, Key Stage 1 will be welcoming Heuristics (a toy specialist company) into school on Monday 2nd November, Tuesday 3rd November and Wednesday 4th November for a very exciting 'Toys in School' history workshop!

The workshop will provide an opportunity for the children to handle and play with a range of original and replica toys and explore the forces used to operate them and materials they are made from. The children will also be making their own toy to take home which they will create by designing, sanding, drilling, colouring and assembling.

Due to the increased cost of living, we have chosen to have a workshop in school to keep the costs down. The cost of the workshop is £9.50 per child which can be paid via your child's Arbor account under 'Trips'. This is a voluntary contribution and no child will be excluded due to an inability to pay. However, please be aware that if there are insufficient funds received, the workshop may have to be cancelled. The cost of the workshop covers the materials used to design and make the toys as well as the workshop under the supervision of Heuristics toy specialists.

Please click on the link below to give your consent for your child to take part. The deadline to complete this form and to make the payment is Thursday 15th October 2026.
