Accommodation

- During our time on the residential, we stay in cabins - not the big house, unfortunately!
- There are five cabins in total which are near to the sports hall where some of our activities take place.
- Boys and girls will be in completely separate cabins.

Accommodation

- Each cabin has a common area where children can relax and socialise before bed time.
- The cabins all have bunk beds for the children and a bathroom containing cubical toilets and cubical showers.
- Each of the cabins is equipped with a door alarm that we activate in the evenings before bed.
- If any of the external doors are opened when this alarm is activated, it sounds an alarm in the adult bedroom.

Accommodation

- Children will be given a request slip and asked to list a few people they would like to be with in their dorm and in their day group.
- We will make sure that children are with at least **one** of their chosen friends in the dorm and group.
- Children will find out their groups and dorms when we arrive at Beaumanor.
