## Dare to be Different

How the year has flown by!!! Our last half term for the year is called '**Dare the be Different**'.

It is based on our school value, **Daring**, and aims to push children outside of their comfort zone and aim high for themselves and think outside of the box.

## Overview

We will start the half term as inventors like Izzy Gizmo - creating a wing for a bird and then creating our own inventions for an invention conventions. We will end our year looking at people who help us in our community and talking about what we aim to be when we grow up.

## The Big Question

**Week 1** – How do things fly?  
(focus on birds)

**Week 2** – How do things fly?  
(focus on transport)

**Week 3** – What does an inventor do?

**Week 4** – What can you make with recycled material?

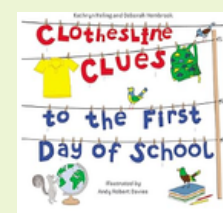

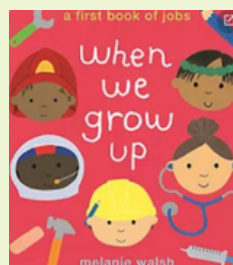

**Week 5** – Who helps me?

**Week 6** – Who helps me?

**Week 7**- What do I want to do when I grow up?

**Week 8** – What makes me special?

## Books we will Read

## Date to be Aware of...

17<sup>th</sup> July 26- Celebration assembly - PM

18<sup>th</sup> July 26 - Little Foxes Play town trip.
