**£40
PER DAY**

STEM Holiday Camps!

Activities will include:

LEGO Robotics, creating video games,
STEM challenges and **crafts**, **outdoor activities**, **coding** and much more!

No experience needed — just imagination, creativity, and curiosity! 🚀 🤖

- ✓ Regular breaks outside.
- ✓ Students to bring their own snacks, lunch, etc.

1 CREATE VIDEO GAMES

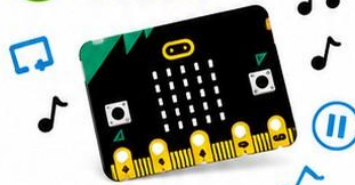

Design characters, backgrounds, scores, levels, and lives before downloading games onto handheld controllers to play!

2 BUILD & CODE ROBOTS

Use motors, sensors, and coding to bring LEGO robotic creations to life.

3 INVENT WITH MICRO:BITS

Write real code using Micro:bit 2.0 mini computers and create exciting interactive inventions.
